Kigali & Rwanda: Relevant Stakeholders and their Tasks

izes gGmbH
Institut für Zukunftsenergiesysteme

RAPID PLANNING
www.rapid-planning.net

National Level

MINICOM
RCA Rwanda Co-Operative Agency
Promotion, registration & regulation of cooperatives

MIFOTRA
Responsible for strengthening the institutional & legal framework for the improvement of employment conditions in the public and in the private sector as well as for the enhancement of effectiveness & efficiency in public service delivery

MINECOFIN
Economic Planning
Raising standards with regard to accountability & transparency in public finance management
Mobilization of (internal & external) resources (taxes, fees, grants, loans)

MINEDUC
Establishment of educational materials for all sectors
Collaboration with all other ministries

Rwanda Housing Authority
Organisation of the construction sector
Implementation of policies with regard to housing, urbanisation & construction

RIEPA
Promotion of investment opportunities
Facilitation of business development & export production

RGB
Promotes good governance & decentralisation
Monitors performance of political & private institutions
Registers, empowers & monitors civil society organisations
Supports the enhancement of public participation

RDB
Independent umbrella institution for all government economic development & investment (business registration, investment promotion, environmental clearance & privatisation)
Supports investors

NISR
Prevision of statistics data

RICEM Rwanda Institute of Cooperatives, Entrepreneurship & Microfinance
Provision of vocational training for SACCOs, financial cooperatives, microfinance institutions & Saccos (savings & credit cooperatives)

MINIFRA
Ensures infrastructure provision
Development of institutional & legal frameworks, national level planning & policies & measures for the sectors energy, water & sanitation among others
Policy & Planning Directorate
Planning Division
Urbanization, Human Settlements & Housing Division
Transport Division

MINIRENA
Development of policies & strategies with regard to environmental conservation & protection
Supervision of implementation
Land-use management, environmental management

MINAGRI
Establishment of waste management strategies for fertilizers
Collaboration with MINALOC, MOH & REMA

MINALOC
Promotion of good governance & community development
Mobilisation of people for the implementation of government programmes

MINSANTE
Establishment of policies for the management of hazardous wastes

REMA
Development of regulations for waste management
Campaigns on proper waste management (in cooperation with RURA)
Provision of trainings on waste separation
Monitors import of plastics

RURA
Regulation of certain public utilities: telecommunications, electricity, water, waste collection, extraction & distribution of gas and transportation

RAB Rwanda Agriculture Board

Rwanda Standards Board
Development of standards for water management (wastewater treatment), e.g. for electronic waste

UR College of Science and Technology
College of Medecine and Pharmacy
College of Agriculture
Development of strategies for the management of wastes from laboratory chemicals

REG Rwanda Energy Group
Development of strategies for the management of waste resulting from energy production

WASAC Water & Sanitation Corporation
Development of strategies for the management of waste from chemical treatment

CRET Construction & Renewable Energy Technologies Ltd.
Kigali based
Produces biogas from organic waste

KOPIBO
Western Province
Waste collection & transportation

ACAPE
Western Province
Waste collection & transportation

M.Zi Ltd.
Western Province
Waste collection & transportation

GEBUR Multi-Business Ltd.
Northern Province
Waste collection & transportation

Develop Our Families
Western Province
Waste collection & transportation

G.A.P.M. Ltd.
Northern Province
Waste collection & transportation

BUSIMED Ltd.
Western Province
Waste collection & transportation

Guma General Services & Suppliers Ltd.
Eastern Province
Waste collection & transportation

RITM Ltd
Northern Province
Waste collection & transportation

Uppsala University Sweden
Study on solid waste situation in Rwanda

UNIDO
Cleaner production & waste management initiatives
Building of decentralised institutional capacities for solid waste management

UNDP
Supports in the areas of technology, finances & maintenance techniques
„Consolidated Waste Management Project in Rwanda" (2008-2012) in cooperation with KICC & sanoplena

World Bank
„Energy Sector Rehabilitation & Urban Waste Management Project" (1999 - 2001)

CCOAIB
40 local NGOs
Promotion of cooperation among organisations

RISD Rwanda Initative for Sustainable Development
Promotion of land reform
Policy research, advocacy & networking activities
Provision of capacity building among civil society regarding the implementation, planning and documentation of national land & water policy

Private Sector Federation
Representation of the interests of the business community in Rwanda

Imbaga Lodi (2007)
Establishment of civil society organisations
Advocacy & network building

Private Sector Federation
Strategies for waste management

Water & Sanitation Division
Responsible for initiating & signing off on new water & sanitation facility installation & water line preparations

Management of water resources
Water distribution programmes
Institution formerly in charge of water quality

Service development & provision with regard to sanitation facilities & services

Leadership on sanitation matters (in cooperation with MINIRENA)

Department of Integrated Water Resources

Development of regulations on water and sanitation in Rwanda
Setting of tariffs for water supply & sanitation

Development of standards for wastewater treatment & disposal
Tolerable limits of discharged industrial & domestic wastewater
Development of standards for potable water & packaged mineral drinking water
Development of standards for wastewater used in irrigation projects

KIST
Cooperation with University of Rwanda
College of a centralized wastewater system including biogas capture and compost manufacturing

Water Sanitation Fund

WASAC Water & Sanitation Corporation
Management of water & sanitation services in Rwanda

Sulfo Industries
Production of Sur Eau, a sulfur-based product used to control biofilm
Received support from USAID

Kigali Septic Services Ltd.
Design of the maximum allowable levels of contaminants in the effluent of private wastewater additions into sanitary sewage sites

Owns a number of sewage trucks & lift for septic cleaning & removal

Jet Inc.
(US based)
Sells compact, low-maintenance septic systems which offer low-odor, on-site wastewater treatment

Ecomake Appropriate Community Sanitation & Energy Services International (ACSES - I) Ltd.
Biogas technology

Installation of biogas facilities in households, schools and prisons

Manna Energy Ltd.

ANDRITZ Separation
Cloth dewatering and wash treatment company

Veolia Water Solutions & Technologies
Dutch waste and wastewater treatment company

Rwanda Water Resources Board
Management of water & sanitation services in Rwanda

Public-Private Infrastructure Advisory Facility (PPIAF)
Support of WASAC in the nation's Bulk Water Supply project (finances, logistical components, donor coordination & development)

Bill & Melinda Gates Foundation
Helped to establish a wastewater treatment system using irrigated landscape areas

Swedish International Development Cooperation Agency (SIDA)
Supports water supply & sanitation

African Development Bank
Investment in Rural Sanitation Project
Supports the „Lake Victoria Water Supply & Sanitation Program Phase II"

Supports a number of water supply projects

World Bank
„Country Partnership Strategy for Rwanda FY 2014 - 2018"
Provision of funds for a water supply and sanitation project & the Rural Water Project

World Vision
Implementation partner for WASAC

US EPA
Cooperates with Gorogoza University in order to develop Kigali's Nyabugogo Wastewater treatment facility

GIZ/ BMZ
Consulting services and training for projects

Works with MINIRENA

United Rwanda as a candidate for a combined biogas from wastewater system

Belgium
Funded the Rural Water & Sanitation Program

The Netherlands
Works with UNICEF
Funded a Water, Sanitation & Hygiene project

UNICEF
Funded a Water, Sanitation & Hygiene project

DFID Department for International Development (UK)
„Community Led Total Sanitation Grant" which includes water & sanitation

United Nations Rwanda
„Rwanda United Nations Development Assistance Plan 2013 - 2018"

US Aid
Works with Rwandan Ministry of Health to offer production methods & techniques of water purification chemicals (chlorine treatment & zinc treatment)

Water for the People
Partners with the City of Kigali

Supported the construction of a wastewater treatment plant in Kigali

RICE Rwanda Environment Care
Support of Rwanda's ecotoilet projects to provide public access to sanitary toilets & showers

CCOAIB
40 local NGOs
Operates in the field of water

RECOR
Activities related to water hygiene & sanitation

Energy Division
Initiation, development & coordination of sustainable energy policies, strategies & initiation of programmes that foster increasing access to affordable energy sources
Enhancement of HR capacities in the energy sector
Support & supervision of infrastructure development programmes (Rural Electrification Master Plan) (Project Development Programmes)
Supervision of REG
Encouragement of private-sector participation
Responsible for the construction of the new waste-to-power project

Energy Sector Strategy Plan 2013/14 - 2017/18

Development of regulations for agriculture & forestry

Undertakes & clears all power projects from an environmental standpoint

Development of regulations on renewable & non-renewable energy, industrial gases, pipelines & storage facilities

Setting of tariffs for electricity

Development of standards for petroleum & petroleum products, LPG, LNG

KIST
Performed a national wind biofuel availability assessment

REG Rwanda Energy Group
Energy Development Company Ltd.
Energy Utility Company Ltd.

Responsible for power generation & distribution

Mukungwa 1 & 2, Nkeruka, Gisenyi & Giheta, Rugezi, Kivuruga, Nyabahanga 1, Rukarara 2, Rwaferanga 3, Nyamyotsi 1 & 2, Agatobwe, Nyakarambi, Nyirakabushinzebuhoro, Nyamugali, Rwaza & Rubaya hydropower plants
Jabana 1 & 2, thermal power plant

CRET Construction & Renewable Energy Technologies Ltd.
Kigali based
Biogas & solar
Has installed household & institutional biogas plants in Rwanda for cooking & lighting

Seeks to establish a partnership with the Indian company Mahindra for solar lighting products

In partnership with Kigali City it with the Government of Rwanda, CRET – with OKOGLUE Future Solutions AB Sweden – plans to install 4 biogas power plants in Kigali in order to produce biogas for vehicle fuel

EDP Energy Private Developers
Business association, part of the Chamber of Industry & of the Private Sector Federation
Focuses on advocacy of its members, encourages public-private dialogue, attracts foreign enterprises & investors to cooperate with local firms

Gigawatt Global
Netherlands based

Completion of Rwanda's first solar park in 2015

Manna Energy Ltd.
Supply-water engineering contractor
Organisation of land acquisition and installation of solar-powered UV irradiators in micro-sized water purification systems for rural schools & businesses

REG Rwanda Investment Group

REC Rwanda Energy Company
Subsidiary of REG Rwanda Investment Group

Rwanda's leading gas exploitation company

Extraction of methane gas, generation, distribution & transmission of electrical power, manufacturing of gas & distribution of gaseous fuels & support of petroleum extraction

PE-C Peat Energy Company Ltd.
Subsidiary of RGI

Focuses on developing & managing REG's investment in peat production

Ecomake Appropriate Community Sanitation & Energy Services International (ACSES - I) Ltd.
(Eastern Province)
Environmental consultancy

Biogas technology

Installation of biogas facilities in households, schools and prisons

Goldsol II
Consortium of three private-sector enterprises

TMM Renewables (South Africa)
Participation in the installation of a 10 MW solar power plant

Gesto Energy Africa (Malta)
Renewable energy consultant

3E Power Solar (Rwanda)
Kigali based
Generation, distribution & transmission of electrical power

Support of petroleum & natural gas extraction, mining, quarrying & peat production

Bonque Populaire du Rwanda
Provision of funding for the biogas-industriumyunga project

Provision of funding for the wetpot 'bio-chemist project

URWEGO Opportunity Bank
Launched a project (in cooperation with Luxembourg's Mikrotech in order to establish a direct electronic deposit drop-off withdrawal system ("Agri-Wallet") which is performed via cell phone

In cooperation with GIZ, the bank helps to fund the „Results-based-Financing Program' in Rwanda aiming to invest in small decentralised solar systems

Mobisol
Supplier of affordable solar power systems

The Bridge Construction Ltd.
Kigali based
Focus on hydropower
Supplier of construction materials & services
Undertakes electrical & civil constructions & provides consultancy services
Has installed 400km of medium-voltage lines & > 500km low-voltage lines

S.T.G.P. Ltd.
Kigali based
Design, implementation & maintenance of electrical power distribution systems
Has installed about 220km of medium-voltage lines & 100km of low-voltage lines

Barefoot Power Rwanda Ltd.
Kigali based
Subsidiary of „Barefoot Power", a social enterprise dedicated to providing off-grid solar lighting products for low-income households
Development of solar energy & phone charging solution & pico-PV systems
Fosters rural electrification & the replacement of kerosene with low-cost alternative lighting & energy-based solutions

Innotech Consulting Ltd.
Kigali based
Promotion of solar products, such as LED solar street lights, solar water pumps & water pumps

DPA Commodities Supply & Services Ltd.
Supply & installation of solar energy equipment

Munyax Eco
Kigali based
Production of solar equipment

Green Land Agribusiness Services „GLAS Ltd".
Kigali based
Supplier of renewable energy products to rural households (Eastern Province), e.g. domestic biogas plants & solar products

Promotion of flexible biogas systems in Rwanda

Great Lakes Energy Ltd.
Kigali based
Generation of solar energy
Cooperation with solar companies & NGOs

LED Solution Green Energy Ltd
Kigali based
Kigoma, hydropower plant

Aggreco Kigali Gikondo, the-mat power plant
Aggreco Musanze/ Mukungwa, thermal power plant

Installation & Maintenance of PV solar panels, generators, solar pumps, and lighting units

Manufacturing of turbines & construction of pico hydropower plants

Modern Technologies Services Ltd.
Kigali based
Consultancy services and supply, installation, maintenance & repair of energy solar systems & electrical installations

Mainz Stadtwerke
Jali Solar Power Plant

NMEC Nyamata
Nyamata Solar Power Plant

Kibuye Power 1 Ltd.
KP1, methane power plant

REPRO Sarl
Mukungwa hydro powerplant

Aggreko International Projects Ltd.

Regreapower Ltd.
Kenaboi, hydropower plant

Contour/Global
US based
Power company which implements new methane technology in Rwanda's Lake Kivu
Kivuwatt, Methane power plant

REFAD Rwanda Ltd.
Rukarara hydropower plant

Gigawatt Global Ltd.
Rwamagana Solar, solar power plant

Smart Energy Solutions

SES KSE2 & SES CIMERWA, thermal power plants

NELTD
Gaseke, hydropower plant

Amahoro Energy Ltd.
Mukungwa & Nyabahini, hydropower plants

Novel Energy Ltd.
NGA-27, hydropower plant

Rwanda Mountain Tea (RMT) Ltd.
Gicye 1 & 2, Rwaza, hydropower plants

Kolo
Société Pétrolière Hirsa Energy
Engineering
Entrepreneurship gasoline stations all over the country: Gasoline premium, Diesel gas oil and Kerosene

Symbion Power LLC
Symbion Power Lake Kivu Ltd.
Signed a power purchase agreement with REG for a 50MW methane gas to power project

Energie Nyarugunu (ENNY) Ltd.
Mazimeru, hydro power plant Rwandan – German joint venture
Set to connect two hydropower plants from the Government's hydro-privatization project

Ngali Energy Ltd.
Rukarara 1, Ngororero, Nkora A, Rwondo, Base 1 & 2, hydropower plant

SINELAC
Rusizi 3, solarpark

SNEL Sarl
Rusizi 1, biogas

UETC Ltd.
Gatuna, cross-border #gemu

USAID
Has been working with the UN on Rwa-electricity connection Goals in Rwanda

The Netherlands
Provides technical assistance and funding for Rwandan energy development projects

GIZ/ BMZ
Provides technical assistance and funding for Rwandan energy development projects
Provides funding to Energising Development

United Nations Rwanda
„Rwanda United Nations Development Assistance Plan 2013 - 2018"
Efforts to reduce dependency on bio-fuel for cooking

Ministry of Internal Affairs, Republic of Kazakhstan
Cooperation in the fields of Climate Protection, Energy and Spatial Planning of Rhineland-Palatinate
Association 'Partnerschaft RLP-Ruanda e.V.'

Network Excellence Rheinland-Pfalz'
Cooperation in the fields of environmental protection and sustainable energy supply

CARE International Rwanda
Training & start-up provisions for female marketers of clean cook stoves & solar lamps (wPOWER)

The World Bank
„Country Partnership Strategy for Rwanda FY 2014 - 2018"

Financing of the Sustainable Energy for All Project

Cooperation in the fields of environmental protection

African Development Bank
Investment infrastructure

Participation in World Bank projects, including funding of energy and improvements

European Commission
Austrian Development Agency

CARE Austria & CARE Rwanda

„Community-assisted Access to Sustainable Energy" project targeting poor households in rural & peri-urban areas

Promotion of improved cooking stoves & firewood-saving charcoal production

Urban Agriculture
Responsible for the initiation, development & programmes fostering the modernisation in the agriculture & livestock sectors
Aims at the transformation of subsistence agriculture towards a commercialised, high-value, market-oriented & environmentally friendly agriculture sector
„Strategic Plan for Agricultural Transformation (SPAT)
Consultation, design, implementation, monitoring & auditing for all new industrialised farm & livestock projects

Priority programmes:
Intensification & development of sustainable production systems, producer professionalisation, promotion of agribusiness & agro-industry development, institutional development

Promotion of urban agriculture (in cooperation with KCC)

NAEB
Registered under MINAGRI
Merger of Rwanda Tea Authority, Rwanda Coffee Authority & Rwanda Horticulture Authority
Increase of agricultural exports

Assigned to develop, reform & modernise agriculture & animal husbandry

Contribution to policy development, provision of technical support to farmers, Prevention & treatment of animal & plant diseases, Research activities on new crop varieties & crop adaptation to the context of Rwanda,
Monitoring of activities, Coordination of stakeholders, Examination and issuing of licenses
Support of cooperatives

Development of standards for agricultural & animal products, e.g. for bean production, or fruit flies, pests, fertilizer harvesting, processing

Development of standards for wastewater used in irrigation projects

ISAE Institut Supérieur d'Agriculture et d'Elevage/ High Institute of Agriculture & Husbandry

Natural Fruit Dried Company Ltd.
Located in Nyagatare District
Production of dried pineapples

Hinga Volcano – Seed Promotion Company
Located in Musanza District
Production of flowers & sweet potatoes

ETS Nzabarinda Isaac
Located in the Northern Province of Rwanda
Multiplication of sweet potato seeds

European Union
Cooperation with the Ministry of Agriculture in the fields of sustainable & intensified agriculture & agribusiness

GIZ/ BMZ
BMZ cooperated with AfricaRice in order to implement the project 'Mitigating the Impact of Climate Change on Rice Disease Reinforcement in East Africa' (MICRODEAL) from 2010-2013

African Development Bank
Supports activities , in line with the „Rwanda's Agriculture Development Strategy" (ADS) on the improvement of productivity and food security

BTC Belgian Development Agency
Support of projects related to agriculture & water
Supports MINAGRI with regard to the achievement of the „Strategic Plan for Agricultural Transformation" (SPAT)

World Bank
Aims at irrigating approx. 4 N'Nala & at improving rural roads in order to link markets & production sites

CARE Rwanda
Promotion of Women's agricultural production

USAID
Support of activities to improve the productivity of the agricultural sector with particular focus on maize, beans & other high value crops

Funded the „Enabling Market Integration through Rural Finance & Innovation" (EMIGRI) project in Rwanda

United Nations Rwanda
Support of technology transfer & the development of all farmers

Capacity development

Development of pro-poor agricultural value chains including agro-processing

UNDAP aims at enhancing food security, increasing productivity, improving nutrition, creating jobs & promoting market access & at achieving higher export levels

FAO
Monitoring & Analysing Food & Agriculture Policy programme (MAFAP)
In cooperation with the government & research organisations

Urban & Peri-Urban Agriculture in Kigali' project (PAPUA) (2006 - 2012)
Improvement of management, and productivity, crop diversification, marketing & on the promotion of cooperatives & associations

CGIAR
Cachet per Rwanda connecting organisations that do research on food security (e.g. CIO, ILRI & CIAT)
Research activities & food security

CIAT International Center for Tropical Agriculture
Member of CGIAR
Established PABRA
Aims at improving human nutrition in tropical countries
Enhancement of eco-efficiency in the agriculture sector
Supports projects related to dry season forages, nitrogen fixing trees, improved soil fallow etc.(), agricultural research & bean production (in cooperation with Harvest plus)

International Potato Center (CIP)
Member of CGIAR
In Rwanda, CIP focuses on the development of high-iron, iron fortified potato varieties & on sweet potatoes

ILRI International Livestock Research Institute
Member of CGIAR
The work in Rwanda focuses on livestock feeds & feeding technologies, crop residence, seed systems & varieties of Cassava potato & sweet potato,Work in cooperation with the Bioresources Research Unit (BRU) of the National University of Rwanda

Rockefeller Foundation
Supported the establishment of DAT and AGRA

Funded the project improving Rwandan Farmers' Climate Change Adaptive Capacity through Enhanced Climate Research Skills & Institutional Collaboration (ACCCA) & Met Consortium (ACCCA Met)

Agra Alliance for a Green Revolution in Africa
Established by the Rockefeller Foundation

Breeding, increased bean productivity, soil fertility management, etc.

AgriProFocus
Promotion of farmer entrepreneurship
Helps to connect local farmers, businesses & markets

ACORD
International organisation (working in 17 African countries)
Focuses on food insecurity
Partners with 114 „Kunts' & other organisations in Rwanda

ILRI Africa Development Foundation
Provided grants to the Cooperative de Développement et du Bien-être Familiale (CODF) & Cooperative Ruire

ASARECA
Support of sustainable & productivity- generation of added value & agricultural research
In Rwanda, ASARECA supported projects on bean & potato production & improvement, drought resistant crops, water management under changing climatic conditions, validation of processed food, behavioral change communication & soil fertility management among others

Bioversity International
Research for development organisation
Funded a PhD project „Diversity, Distribution & Management of Banana Fusarium Wilt in East & Central Africa"

Biolnnovate
9 consortia & 57 institutions
Focuses on East-Africa & supports multi-disciplinary research in the field of agriculture & food
Biolnnovate is hosted by ILRI and works with NARO & SIDA

GAFSP Global Agriculture & Food Security Program
Multilateral mechanism to enhance agricultural productivity
Has funded the „Land Husbandry, Water Harvesting & Hillside Irrigation Project (LWH)

PABRA
29 member countries
Coordinated with CIAT
Strengthens national bean programmes

ECABREN

SABRN

WECABREN

PABRA's regional networks

Africa Rice Center (AfricaRice)
Research organisation & intergovernmental association of African member countries

Supported the „Mitigating the Impact of Climate Change on Rice Disease Reinforcement in East Africa' project (MICRODEAL) (2010 - 2013)

Inter-University Council for East Africa

Lake Victoria Research Initiative (VicRes)

International Food Policy Research Institute (IFPRI)

ICRAF

ACIAR

IFDC

EAFF

CABI
Leads the „Invasive Global Content Provision' project (2014 - 2017)

CCOAIB
40 local NGOs
Operates in the fields of agriculture, animal husbandry, food processing, etc.

ROPARWA
Network of rural organisations
Creation of a professional, competitive & sustainable agricultural sector
Established by farmers' organisations

BAR Bureau d'Appui aux Initiatives Rurales
IMBARAGA
Training of farmers

INGABO

FOR Forum des Organisations Rurales

AIPO Amayaga Integrated Project for Development
NGO located in Bukora, Nyanza District, Southern Province of Rwanda
Promotion of modern technology in rural areas & farmer empowerment

Rwanda Organic Agriculture Movement (ROAM)
National umbrella organisation uniting producers, farmers' organisations, processors, exporters, certification companies, importers companies, institutions and organisations

UCORIRW

FERWACOTHE
Coffee Growers Federation

FUCORIRWA
Rwandan Agricultural Mechanization & Irrigation Engineers Cooperative

Agricultural Cooperative Development International (Kigali)

NCCR National Cooperatives Confederation of Rwanda

Urugero Cooperative
Kayonza, Rwanda

Ruhimbi Village Agriculture Cooperative
Kayonza, Rwanda
Production of maize

CDOCEN Cooperative pour la Conservation de l'Environment
Regional cooperative of orphans & widows

Production of artificial charcoal blocks out of waste/ biomass

AJOR Cooperative
Building of energy saving stoves only for charcoal use

Kigali City

KCC Kigali City Council
Acts autonomously but follows national-level policies, laws and bylaws with regard to land-use planning, land management & development
Responsible for urban & district planning, the development & enforcement of policies and regulations within the administrative boundaries of Kigali City, the preparation of Kigali City Conceptual Masterplan, the security & sustainable use of agricultural & water resources and for the regulation of land development

Executive Committee

City Engineer

Construction One Stop Center
Kigali MP implementation

Neighbourhood housing promotion

Approval of construction projects (building permits) (200 MRU & Surveying)
Development of Detailed Urban Plans (DUP)
Environmental protection with regard to the minimization of pollution and waste

Infrastructure
Transportation Planning
Road Development & Rehabilitation

Masterplan Inspection

Urban Economics
Economic Planning

Social Development
Social Development Unit
Health & Environment Unit

Waste Management
Responsible for waste management in Kigali
Responsible for waste-to-power projects
Responsible for the operation of the Nduba Landfill which is mainly done by contractors.
Cooperation with waste management companies

Responsible for solid waste disposal

Local authorities (neighbourhood of landfill)
Monitoring of local community's health

CHUK
CHUB
Development of strategies for the management of different wastes, e.g. medical waste, drugs, bodies & organs

King Faisal Hospital

COOEN
Waste collection
Briquetting

COPED
Collection of domestic, industrial & organic waste
Implementation of waste sorting from the source, separating organic from non-organic waste

Composting pilot project

AGRUNI
Waste collection

REP
Waste collection

Umurimo Meiza
Waste collection

Kigali Recycling Ltd.
Recycling company

Imana Steel Ltd.
Recycling company (part of Imana Group)

UCS
Waste collection

Blancomet Ltd.
Collection of copper cables, aluminium and scrap metal

Pivot Ltd.
Oil refiner
Waste-to-fuel

Trust industries Ltd.
Road recycling

Ecoplastic
Production of plastic items by recycling plastic waste

Runs a recycling center

Bralirwa Ltd.
RITM Ltd.
Glas recycling

Isuku Kinyinya
Waste collection & recycling company

Real Environmental Projects
Waste collection & recycling company

LBU-MVIT
Cleaning services

BAHEZA
General services

New Life NT & MVK Ltd.
Ibidria Nkiza

Kiren Kleene RS Ltd.

CESCO Company
Waste collection & transportation

Dusabane
Waste sorting
Received a GEF grant to treat slender litter in Nyarugenge

Composting

Cooperative Indatwa (Inkeragutabara)
Waste collection & composting

GAKO Organic Training Center

Water/ Wastewater
Management of water, wastewater & sanitation

Water & Sanitation Planning
Follow-up of Kigali MP with regard to water & sanitation
Development of strategies regarding sanitation, wastewater, rainwater & stormwater
Identification of the water demand & supply (Kigali City)
Planning of water (KUBE), water permits
Identification of subscribers for water in the city

WASAC Water & Sanitation Corporation
Management of water & sanitation services in Kigali

Kigali Water Ltd.
Has a Water Purchase Agreement (WPA) with WASAC, RDB, MINIRFRA according to which Kigali Water must provide 40,000m3 of water per day to WASAC's customers
The WPA is part of the Kigali Bulk Water Project

Metito
UAE based
Owner of Kigali Water Ltd.

Fair Construction Ltd.
Rwanda based
Infrastructure construction

Involved in recent water facility installations

Culligan
(UK based)
Was contracted by WASAC to install a water treatment facility for Kigali

Cafe Imbabazi, Kigali

Inyange Industries
Local beverage manufacturer
shampooing in on-site wastewater treatment & reuse

Energy
Responsible for waste-to-power projects

Installation & maintenance of street lighting
Development of potential energy sources

REG Rwanda Energy Group
Energy Development Company Ltd.
Energy Utility Company Ltd.

Responsible for power generation & distribution in Kigali

Ecomake
Production of energy from biomass/ waste
Awareness-raising regarding reduction of consumption
Creation of special markets: Kigali Energy Market & Kigali Waste Market

Urban Agriculture
Promotion of urban agriculture in line with the City Master Plan
(in cooperation with MINAGRI)

Responsible for greening and landscaping along the roads

Kigali Farms
Solar greenhouse producing mushrooms

COKAWI Kimihurura Farming Cooperative
Farmer's Community
Supported by AEE Rwanda

COAMV Coopérative des Agriculteurs des Maïs dans la Zone des Volcans
Located in Kinigambo, Musanze
Grows & processes maize products (ad-kigiri at Nyarutarama market)

Hirwa Muhinzi Cooperative
Located in Gatsata District, Kigali
Vegetable cooperative

Hirwa Muhinzi Cooperative
Located in Kimihurura, Kigali
Vegetable production (mushrooms)

TUBA Beekeeping Cooperative, Tuum - Bursaria Association
Abishyizehamwe

Abagore Farming Cooperative

COMSS Co-operative des Multiplicateurs de Semences Selectionnees

State of Work: 31/10/2016

Tasks related to the different RP sectors
- Tasks related to waste management
- Tasks related to water/ wastewater
- Tasks related to energy
- Tasks related to urban agriculture

Stakeholders
- Public sector/ decision-makers, administration, domestic universities and research institutes
- State-owned enterprises (SOEs), Joint-Stock Companies (JSC) and banks
- Civil society organisations (non-governmental organisations, associations, etc.)
- International organisations, development banks and research institutes
- Private-sector enterprises
- Cooperatives
